Where Dreams Come True

Hong Kong Disneyland is a whimsical world of imaginations where enchanting stories and timeless places come to life right before your eyes. A visit here will take you from a fairy tale castle to an intergalactic mountain, and to a world where you can see jungle elephants on an exotic river! You'll see snakes that hiss and bears that talk, be photographed with beautiful princesses, and ride old-time taxis and space-age rockets - all in one day! Main Street, U.S.A., Adventureland, Fantasyland and Tomorrowland all come together to create a magical adventure everyone will love!

With one admission ticket, you can enjoy all the world-class shows and attractions with your friends, loved ones and family.

Just minutes from the Park, and within the resort, you'll also find two extraordinarily themed hotels. Whether it's the elegance and romance of Hong Kong Disneyland Hotel or the glitz and glamour of Disney's Hollywood Hotel, you'll find the magic never ends at Hong Kong Disneyland.
